

O'Reilly User Group book review guidelines

These guidelines were created to ensure timely reviews of O'Reilly books. Not only do we benefit from reviews of their great books, but the authors do as well. We need to make sure there is a quick turnaround on reviews.

- (1) You may not review more than one book at a time
- (2) Reviews are expected one month (4 weeks) following receipt of book
- (3) Reviews should be pretty basic, but still informative enough to give others a good feel for the book. You will be speaking to a general audience. However, be sure to touch on the key aspects of the book: writing style, level of detail, level of accuracy, ability to motivate topic, usefulness of topic, etc...
- (4) Reviews will be sent to O'Reilly and posted on the SIGMAC website, so be sure to use good English, grammar, etc... (I'm not going to be an editor)
- (5) Books must be returned following your review. They will be placed in a user group library for all to "check out."
